SALMAN

Lightly scaled for the contemporary office environment, Cardiff's sculpted forms offer a distinct balance of comfort and structural integrity.

The outward arc of the arms and legs and taut, curved back project a lean, graceful presence. This visual appeal is enhanced by Cardiff's unique design, which supports the short and long-term seating needs of today's demanding work styles.

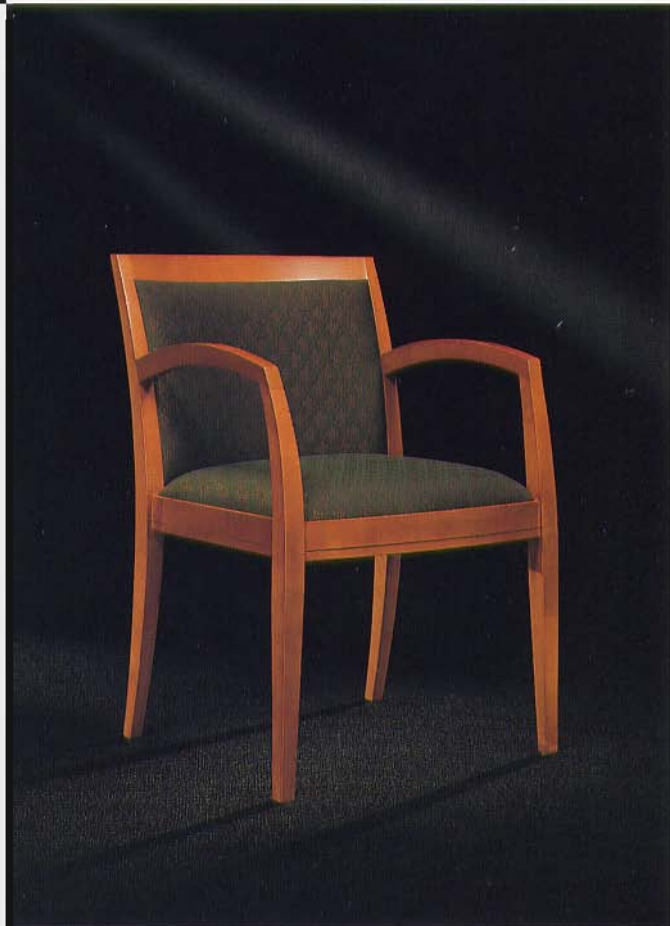

C A R D I F F

The back is available in ladder, slat and upholstered versions in a choice of open, panel or no arms. A two-seat bench and a full line of complementary tables are offered as well.

Cardiff's solid white maple frame can be stained in any of Salman's eighteen standard finishes, or matched to any custom finish.

A compelling form that combines elegance and extraordinary comfort, Cardiff will accommodate any interior.

Available in maple frame, eighteen standard finishes.

Complimentary tables available in various heights and sizes. Please see the Cardiff Table brochure for detailed information.
